**CITY OF MAROA
CITY COUNCIL MEETING MINUTES
MONDAY SEPTEMBER 12, 2022**

ROLL CALL: Taken by Clerk Parrott at 6:30 p.m.- Alderman Brown, Grider, Riley, West, Greutman, Alderwoman Bogle. Clerk Parrott, Administrator Agee, Attorney Regan Lewis, and Mayor Wilkey were all present.

PLEDGE OF ALLEGIANCE: Was led by Mayor Wilkey.

CITIZENS COMMENTS: Diane Brown came tonight to discuss some concerns she has with properties around her that need some yard upkeep and what can be done with that.

Mayor asked Sargent Koonce if one of the properties as been addressed yet Koonce stated no, and Mayor stated to address that one tomorrow. Mayor stated to Regan that her or Lindsey may be able to track down who is in possession of Turner's house and go from there. Diane asked again about the other property and Mayor stated to Koonce to go and serve a violation on that property.

OLD BUSINESS:

- **Community Garden-**

Matt Hauersperger came tonight to do a presentation for the community garden. He presented a slide show for everyone. This is what they are purposing that they are looking for a small parcel of land to be able to grow produce for the community. The produce is grown to give back to the community at no cost the excess produce will be used or sold to help fund the garden.

We will be doing fund raisers and Matt is not asking the city council for a nickel well not looking for monetary value. The proposed cite is north of the old Williams Greenhouse. All we are asking the city for is land and water.

Matt stated who gets the produce and how. It will be a two day a week for residents and then set up a farmer's market for other towns. How will our community be view? Matt thinks that this will be a good start for other communities to do the same.

Matt stated he cannot start fund raisers or anything until he is granted permission for the land. Mayor Wilkey asked how much land he was looking for. Matt stated that he would like to start with a 200 x 200-foot area plus room for sweet corn and area possibly for pumpkins. Jason Brelsford stated it would be an acre or less.

Alderman Grider stated that he is 100 percent for this, but he had a question for the attorney, but he wanted to find out if there is anything that if there is anything for other producers or other vendors within so far of there store. Mayor Wilkey stated the attorney is writing it down and would check into it.

Mayor stated he knew this subject for the community gardens was coming up, so he had spoke with Lindsey a couple weeks ago on the legal side and Regan has her comments with her tonight. Regan stated with the council to consider is this is just liability for the council to be aware of is the tort immunity act should shield the city from most claims that would be raised. You would want to make sure this parcel is included that the land is included in your insurance and make sure it's within your personal injury is covered as well. If it's a group of volunteers that is consistent within the community, it would not be a bad idea to have them sign some kind of consumption or release of risk for when they are on the property. Finally, you would want to have a sign that the land is a community garden and denoting the hours and basically saying that anything that is being done on that property outside of the scope of those hours or activity the community garden would be trespassing. So that is clearly denoted on the sign The city is not responsible for the theft of any property left on the site and no form of bailment is created by leaving on this site.

Mayor Wilkey asked all of the council If they were in favor and all of the council was in favor.

Mayor Wilkey asked what he was going to do to get started. Matt stated he was going to do some fund raising at the Harvest Festival. Mayor asked if he would open an account at the bank for donations and Matt stated yes, he would more than likely do that.

- **Wood Street & Main Street (Street Lighting on Wood Street)-** Alderman West stated that he knows that we do have the grant that will be going in but out by Casey's it is extremely dark out there. West stated he reached out to Ameren, and they gave him proposals, it would be under \$6000.00 dollars to get the lighting for about 13 lights. It will start at Casey's and end at Jefferson Street. Ted stated he did here from Crawford today and he would be putting up his lights in October. Ted stated this is from Loren from Ameren and it was for four poles and wire and seven lights, and it was \$4490.00 and obviously that was that was about a year ago. Blake stated this would be done before winter.

Alderman West made a motion that we accept the proposal from Ameren and the funds be taken out of the Business District. Alderwoman Bogle second the motion. Alderman Brown, West, Riley, Greutman and Alderwoman Bogle were all in favor. Alderman Grider was absent. The motion that we accept the proposal from Ameren and the funds be taken out of the Business District was passed.

Blake stated she said if we decided to do it that Ameren needed a letter of intent that we accepted the proposal from the person in charge of the streetlights. So, Blake stated he imagined that would be from Ted.

- **MCI institute & Academy-** Clerk Parrott stated she got the cost on the training that is in Bloomington for the clerks in October from the 9th through the 14th. The cost is \$600.00, and this is for a week of intensive training. Mayor stated we would likely allow \$1000.00 for the training she would just need everyone's training due to this is cost is set aside in the budget. Clerk Parrott stated it will start on Sunday night and then be Monday through Wednesday 7 am to 7 pm and Thursday 7 am to 5 pm and then a banquet at 7 pm until 9pm and the Friday from 7 am to probably noon. She is asking for the councils blessing to go to the class. The council gave their blessing.

NEW BUSINESS:

- **Amber Bennet-(Bags)-** Amber stated her and her husband were approached by the ACL because there is not a regional director around here for the bag competitions and would like to ask the city council to run the regionals here in the gym. It's once a month and they have to run seven regionals and once a month they have to do two for the month. She stated that she thinks it would bring in a lot of business to the town due to there would be a lot of people coming to the regionals. She is here tonight to ask permission to use the space in the gym for the regionals. Wanted to know about a fee for the gym and Angie stated her opinion is that we shouldn't charge a fee do to it bringing a lot of business to town and the people will be spending their money at the local businesses. All council agreed. Mayor Wilkey stated to contact Crystal and coordinate the dates. Riley asked if it would be weekdays or weekend. Amber stated she would let the businesses know when the dates would be as well so they can be prepared for the extra business.

POLICE REPORT: Koonce stated right now he has a list of eleven ordinance violations that they are working on. Mayor Wilkey stated we get a report sent to us every month and at the month is additional information. At the bottom talks about training and what are we doing. The month of August the Maroa Police Department hired two part-time police officers. Bought a mobile speed trailer. Registered two sex offenders one new and one initial. Police department continues to address ordinance violations and the policy manual continues to be developed. Mayor Wilkey stated this is important to see and would like to continue to see this on the report.

ATTORNEY REPORT: Regan stated that on 214 N Maple, Mrs. Wise indicates that she sent a letter and followed up with a phone calls. She spoke with Ms. Gregory once and then phone calls were not returned. Ms. Gregory did not want to sell to the city and is doing a contract for deed with someone and that Crystal may have more information from the notes. Crystal stated that there is a person living there and he stated he was going to get a dumpster to start cleaning it up. Last she knew there had not been one delivered yet. Tim Laskowski stated there was one delivered today. Tim lives across the street and states that he has noticed a change since he has moved in.

The other thing Regan stated she has is paying a deductible on city tree that fell on the property and she sees no issue with that.

ENGINEER REPORT: Matt stated that we need to approve the resolution between the state and the city. We have talked about the cost shares between the state and city. They have been able to complete their estimate. Looking at 3.75 million dollars on that project.

Ted stated we would be looking at a bond situation again and could offset it with business and TIF funds. They would cover the bond. Ted stated we have a few options. Mayor asked what the scope of the project. Matt stated to take the four lane of Wood Street to a one lane in each direction and a turn lane and bike lanes on the outside edge and make sure we have full compliance of walk paths on both sides of the streets all the way down to Dollar General and up to the four-lane section up to Monroe. Main Street it would rework the parking and do bump out and do ADA compliance all the way to Oak Street and do lighting.

Mayor asked Matt when the grant goes in, and Matt stated September 30th. Matt stated they announce it usually the following May.

ADMINISTRATOR REPORT: Ted stated the first item is the Façade Grant that is in ordinance version of the agreement that the council made at the August meeting. The second thing is the Ordinance 2022/09/12-2 this is where the city will reimburse up to \$500.00 for legal deductible. They have to bring in proof of damage, proof of insurance and copy of the deductible statement and that gives the clerk authorization to pass on to council for final approval. Third Ordinance 2022/09/12-3 to amend the existing waste service contract with GFL. Eric stated he will send the contract to us.

Ted stated they have been working on the sidewalks and the bump-milling and see how it works out over the winter.

He got the grant submitted for the office equipment from State Farm. They say it could take six months to process but he does not think it will take that long. He stated he will be submitting the IDNR open space grant before the end of the month for the 50/50 grant for Spencer Park to get the walking path replaced and widen out wider. There estimate came in somewhere right around \$120,000.00 just to have some contingencies in it. So, if it was maximum our contributions would be \$60,000.00.

The renovations for City Hall are moving along. Just a few little things in the office and conference need finished and he has been focusing on the council room now. Hoping the room will be done for the next meeting.

We have been also doing work on the tree trimming on the City rights-of way.

Ted stated he had a personal issue he needed to discuss in closed session.

ZONING/PUBLIC WORKS: Mike stated he did not have anything else to add that he had not already spoke about.

COMMITTEE REPORTS:

Alderman West wanted to thank Clerk Parrott for doing the newsletters and for doing a good job and Mayor Wilkey and everyone on council agreed. Alderman West stated he knew she stated after to get them done and was doing a great job on them. Clerk Parrott thanked them for the acknowledgment during the meeting.

- **FREEDOM FESTIVAL DATE-** Alderman West he stated he would like to secure that date tonight. He thought about moving the date back, so we were not competing with Arthur, but Mike and Mayor Wilkey stated that is when Forsyth usually has theirs. June 24, 2023, is the date that is set for Freedom Festival for 2023.

Ted stated the superintendent of the school got a hold of him about the rummage sales and asked if we realized we were doing them the same weekend of homecoming. Ted stated we were worried about the

Fall festival and Apple n Pork we didn't think about homecoming, but it is a half hour parade, so we just need to make the police aware. But we originally didn't have it set for these dates we had to move it due to the cleanup dates having to be moved. Ted stated it might be good for both though.

Mike stated to Angie to let him know what they need to know a head of time for the Fall Festival ahead of time, so he knows what needs to be blocked off. Just so he has plenty of notice.
