POLICE REPORT:

Chief discussed that he did speak with Tony on the property behind the Methodist Church and that he did assure him that he would take care of the property this year and there would be no problems. They are asking that residents call the dispatch now due to it tracks the calls that come in for safety. This helps with the new tracking system for reports

and it's more appropriate to go through the dispatch center. Digit ticket is finally operable. They are doing a background check on a full-time applicant that would be coming from Decatur. Some of the board has met her already. Still doing research on the tow ordinance and CRT. That is a lot of research on that subject. With the new safety act, the officers are mandated to do a yearly mental screening and they already got that taken care of.

ATTORNEY REPORT: Lindsey stated she is still working with Cody Parrott on his building.

ENGINEER REPORT:

ADMINISTRATOR REPORT: New sewer line in here at City Hall. Landscaping should be starting soon. Need to get some things up to the auction. Looking into making the clerk window more secure due to some incidents with an arrest made on one of them. Ted presented a layout of what the gym will be gym/banquet. The equipment was given to us so we are working with that. The community garden has been tilled over twice.
