You may see the GFL guys going around the week before the 27th and getting a few things throughout the week. They do that to make the workload on that Saturday a little easier on them. But they do go around and make sure everything is picked up on Saturday morning if it is put out in time.

§ 195-1 Burning garbage and wastes.

A. The open burning of commercial, agricultural and domicile waste within the City limits of the City of Maroa is prohibited. "Domicile waste" is defined as any refuse generated on residential property as a result of domiciliary activities.

B. It shall be unlawful to burn any landscape waste within the City limits except between sunrise and sunset on Monday through Saturday, and from 12:00 noon on Sunday to sunset, and only upon the premises where it is produced. "Landscape waste" means all accumulations of grass or shrubbery cuttings, leaves and other materials accumulating as a result of the care of lawns, shrubbery, vines and trees.

§ 195-2 Permissible burning.

Notwithstanding the provisions of this chapter, it shall not be prohibited to openly burn landscape waste from sunset to sunrise on each day of the week, provided that the burning of such landscape waste is performed solely for recreational purposes and not for waste disposal purposes. Any such recreational burning of landscape waste will only be permitted where such activity is supervised by a person 18 years of age or older.

Building Permits & Related Information

In most cases, City permits are required to ensure compliance with building codes, property line setbacks, zoning regulations, and other state and local requirements. Please consider the following information BEFORE beginning any projects:

- Some common projects requiring permits include asphalt or concrete work, structure alterations and additions, new or replacement fencing, swimming pools, solar panels porches, patios and decks, roof repairs or replacement, storage sheds, construction of any new structure, and demolition of any existing structure. Always verify if your project requires a permit prior to beginning any work by contacting City Hall.
- Illinois law requires anyone contracting for roof repair or replacement work to be licensed by the Illinois Department of Financial and Professional Regulation. City permit petitions require contractors to provide necessary licensing information to help protect businesses, homeowners, and neighbors.
- Some projects may require a variance or special use permit to be compliant with the City Code. After a public hearing with the Planning and Zoning Board, a recommendation is submitted to the Maroa City Council for consideration and authorization by ordinance. If the variance or special use is approved, permits can be issued. Due to state regulations regarding publication of notice, this process generally takes 30 to 60 days to complete.
- Many projects require property line markers to be located and exposed for setback verification. If property line markers cannot be located, you must have the parcel surveyed prior to receiving a permit.
- Fillable PDF petitions for permits are available at maroillinois.gov and paper copies are available at City Hall. The petition for a permit must be completed in entirety (including all requested information) and submitted to City Hall for verification and approval. A certificate will only be issued after the petition is approved and associated fees are paid. Work on the project can only begin once a certificate is issued and posted.
- You are required by state law to contact J.U.L.I.E (dial 811) for locating services before proceeding with any excavation. This includes hand digging at any depth. The individual performing the digging MUST be the one to submit a J.U.L.I.E ticket.
- Failure to obtain a building permit prior to work being performed will result in doubled fees, processing delays, and possible fines.
- If you have any questions, please contact City Hall at 217-794-2206.

LEAF PICK-UP WILL BEGIN MID-OCTOBER THROUGH THE FIRST WEEK OF DECEMBER. LEAVES ONLY! NO OTHER YARD WASTE PERMITTED. PLEASE MAKE SURE IF YOU WANT THE LEAVES PICKED UP THAT YOU GET THEM AS CLOSE TO THE THE ROAD AS POSSIBLE SO, THE GUYS CAN DISPOSE OF THEM. IF YOU DECIDE TO BURN THE LEAVES THEN THE BURNING TIMES ARE SUNRISE TO SUNSET ON MONDAY THROUGH SATURDAY, AND FROM 12PM (NOON) ON SUNDAY TO SUNSET. THANK YOU FOR YOUR COOPERATION.
